## APPLICATION PROCEDURE GUIDE

### WHEN TO APPLY:

Applications are considered by ELI 360 on a rolling admissions basis. Applications are assessed as they arrive and programs are filled accordingly. ELI 360 suggests that students apply early to reserve a place in the desired institution for the term they wish to begin. It is the student's responsibility to make sure that the application is completed by the institution's deadline date of the desired term of study. You may apply as early as one year prior to the beginning date of the term in which you wish to enroll. The review process usually takes up to four (4) weeks.

Applications submitted after the deadline date of the admitting institution are subject to a \$150 (U.S.) late application fee, however, there are no late application deadlines for ELI 360. Late applicants are encouraged to contact the corporate office in Abilene, Texas to determine if space is still available for the desired institution and program.

Applicants are encouraged to read and understand the information presented in the ELI 360 Application Procedure Guide, Objectives and Standards and literature. If you have any questions about the process do not hesitate to contact an ELI 360 Program Representative.
