"ELI 360 was instrumental in helping us" - Rajan & Shanthini

18 June 2008

After Ted Presley helped a recently enrolled student with the university selection and admission process this is what the mother had to say. . .

"Wow! Thank you so much, Ted. ELI 360 has been so helpful and it really takes away all the stress and worry over finding a suitable college and the application process. For us here in Penang, selecting a college for our son is like finding a needle in a haystack with so many things to look into (mainly a good, reputable university and its values, the right courses and issues of financing).

It can be 'terrifying'. Again, thank you!"

- Lillian from Penang, Malaysia
